Report			
Review of 2014			
<p>Last few years we could see only very few of activity of special operations in Czech Division. One of two active SOGs terminated its activity.</p>			
Goals for 2015			
<p>Firstly to revive SO Department, than start new system of SO activity in division. For example to start new Czech Division SOG, with lot of missions, which will be instead of SO or COMBI tour. But it still in development. In September we would like to repeat successful Virtual NATO Days in Ostrava, which was organized in 2013 and was very successful.</p>
